STRENGTHS

Responsible
I like keeping things in order and making sure stuff gets done. If I've taken something on, I follow through and make sure it's handled.

Motivated
When I'm interested in something, I put in the effort to learn it and get better. I like feeling like I'm moving forward.

Problem Solver
If something goes wrong, I'm often the one who tries to sort it out. I like finding simple, practical fixes instead of letting things drag on.
